MEMORANDUM FOR: CIA Librarian

SUBJECT : Proposed Cancellation of Selected Subscriptions  
by CIA Library

1. NPIC has no objection to the cancellation by CIA Library of its subscriptions to any of the titles listed in the attachment to your memorandum of 16 March 1970.

2. We do not plan to cancel at this time those NPIC subscriptions which duplicate titles in the Library list. Distance prevents NPIC personnel from systematically reviewing periodicals received in Headquarters, and it is therefore necessary to continue to receive in [ ] those which are especially useful to the Center. The NPIC Library periodicals are used not only by NPIC personnel but by other activities housed in [ ] which include IAS, DIAPP-9 Detachment and SPAD.

3. NPIC has been reviewing its periodical list and during the past few months a number of subscriptions have been cancelled. This summer we will again review NPIC subscriptions with the intent of justifying the need for each.
